Alcohol Sales Tax to be repealed as of January, 2011 –

Despite a strong effort from The Campaign Against The Repeal of The Alcohol Tax.

This is very serious because it means that as of January 2011 - there is no money going to publicly funded addiction services. Everyone's help is needed to make sure that another source of funding comes through.

Are you concerned that we still do not have **insurance reimbursement** for certain LADC1's... Are you willing to take action to make this happen. Come to the **MAADAC Holiday Breakfast December 3rd** to find out how you can make your voice count!

MAADAC Golf Fundraiser Classic on May 21, 2010 –
